

MACKEVISION

3D Consultant (m/f)

Mackevision Medien Design GmbH with headquarters in Stuttgart is a creative and a system partner for visual communication. Experts for 3D visualization, animation, post production and visual effects we design and produce high-quality video and film material. We develop independent system solutions for picture generation. Our customers are international creative agencies, film productions and customers in the automotive, architecture and consumer goods industries as well as in science. From data visualization to creative design to the implementation of projects, Mackevision offers all processes of computer-based video and film generation.

Founded in 1994, the company employs more than 130 people at its offices in Stuttgart, Munich, Detroit, Los Angeles and Tokyo.

As soon as possible we are looking for a 3D Consultant (m/f) to reinforce our Application Support and Consulting Department.

What you may expect

- demanding projects, mainly in the automotive sector
- Training our customers in the use of our specific Tools and Applications
- Design and operation of complex processes for 3D content production

Qualifications / Requirements

- Knowledge of 3DS Max or Maya
- Interest in high-quality technical visualizations
- Experience with CAD and/or 3D visualization
- Team-minded
- Excellent English skills
- Must be able to work alone and structured
- Quick learner
- Helpfulness
- Self-confident attitude, also towards customers

If you are outgoing, committed and a good team player, we are looking forward to receiving your application – Preferably by email. Please provide your salary expectations.
